

Thank You!!!

We had a tremendous turnout for the 2019 Bill Beazell & Allen Robbins Memorial Tailwater Roundup. Over 120 of you turned up to help us clean up 13,240 pounds of trash and 5,500 pounds of tires from our beautiful rivers. That is absolutely incredible! We are so grateful to this community for showing up in a big way, as we collectively pulled a staggering amount of trash from our rivers. We also want to thank our major sponsors Orvis and TVA for providing dumpsters, bags, gloves, food, and great prizes. Several local organizations also donated prizes for the raffle and silent auction, who we are thankful to as well. Thank you again to everyone who made this year's clean up such a success!

Whether you want to stay at the bottom end of the stream and catch wild rainbows or hike up to the headwaters and try your luck at some native brook trout, Rocky Fork offers something for everyone.

Please bring rakes, pruners, chainsaws and gloves if you have them.

Mentor Program

It's fishing time again, and we'd like to help people catch more fish. So, we're starting a mentor program. We need two kinds of mentors, specialty mentors and general fishing mentors.

Specialty mentors will help people improve their cast, tie flies, swing wet flies, whatever. If you are good at a particular aspect of fly fishing, we need your help.

General fishing mentors will take people fishing, essentially guide people learning the sport. If you catch fish and like to help people, we need your help.

Commitments are limited. The mentor and improving fly fisher can work out how they want to go about it.

If you can help, please contact Bill Watkins at

billwatkinsca@gmail.com or text him 805-705-5568.
